

Thank you to the parents who returned the Health survey - we have collated the results and this is what parents have indicated is most important to teach at our kura. 1 indicated most important, 2 was somewhat important and 3 was not important. We will use this to plan our programme over the next few years.

Topic	1	2	3
Keeping Ourselves Safe (safety skills when interacting with others and recognising healthy and unhealthy relationships)	32	3	4
Water safety	31	5	2
Road safety	31	4	3
